

Auscraft Furniture

RANGE I · CLASSIC

AUSTRALIAN MADE · WEST GOSFORD NSW

RANGE II · HEAVY DUTY

RANGE III · PREMIUM HARDWOOD

RANGE IV · METAL FRAME

DOCUMENT 09 · BUYER GUIDE

Find your perfect Auscraft Furniture

A short, guided comparison of our four product ranges, so you can choose the one that fits your space, your use and your budget.

HOW TO USE THIS GUIDE

1. Scan the side-by-side comparison on page 1.
2. Answer the five buyer questions on pages 2 and 3.
3. Read the matched range page for the full picture.

OUR FOUR RANGES

Classic / Untreated Pine, cost-effective for undercover use.

Heavy Duty Treated Pine, stronger outdoor option (H3 above-ground).

Premium Hardwood, longest expected outdoor life, Class 1 hardwoods.

Metal Frame furniture, robust frame for commercial and high-use settings.

SIDE BY SIDE

The four ranges, at a glance

Each card shows the headline positioning, what it is best for, the timber or metal specification, the structural warranty and the typical finish. A more detailed comparison table is in Document 08 (Product Warranty by Range).

RANGE I

Classic / Untreated Pine

Entry level

Cost-effective; best in undercover or semi-protected settings.

MATERIAL

Australian pine, untreated.

STRUCTURAL
WARRANTY

1 year

TYPICAL FINISH

Painted, stained, raw

RANGE II

Heavy Duty Treated Pine

Mid range

Stronger outdoor option, suited to exposed outdoor and commercial use with regular care.

MATERIAL

H3 arsenic-free treated pine for above-ground outdoor use.

STRUCTURAL
WARRANTY

1 year

TYPICAL FINISH

Painted, oiled, stained, raw

RANGE III

Premium Hardwood

Premium

Highest relative durability and longest expected outdoor life; commercial, hospitality, parks, schools, councils.

MATERIAL

Class 1 Australian hardwoods (5 species, see range page).

STRUCTURAL
WARRANTY

3 years

TYPICAL FINISH

Oiled, stained, raw

RANGE IV

Metal Frame furniture

Premium / commercial

Robust steel frame for stronger commercial and outdoor use; hardwood top where included.

MATERIAL

Steel frame (stainless, galvanised or powder-coated).

STRUCTURAL
WARRANTY

1yr frame + 2yr rust; 3yr hardwood top

TYPICAL FINISH

Powder-coat, galvanised or stainless

Indicative positioning. Exact specification, timber species, metal grade, coating standard, finish and pricing are recorded on your quote or order confirmation.

FIVE BUYER QUESTIONS

Find your range in five questions

Answer each question for your project. The matching ranges are shown on the right. Your answer to the last question (budget) usually narrows the shortlist.

1. Where will it sit?

Undercover patio, semi-protected outdoor or indoor	Classic / Untreated Pine works well
Open outdoor area, year-round	HD Treated Pine, Premium Hardwood, or Metal Frame
Full sun, fully exposed	HD Treated Pine, Premium Hardwood, or Metal Frame
Coastal, waterfront, salt-air or high-corrosion	Premium Hardwood, or Metal Frame with 316 stainless
Pool or spa area	Metal Frame (with coating spec) or Premium Hardwood

2. Who will use it?

Family backyard, occasional use	Any range, matched to exposure
Café, brewery or hospitality venue	Premium Hardwood or Metal Frame
School, council or public park	Premium Hardwood or Metal Frame
High-impact, vandalism-prone setting	Metal Frame

FIVE BUYER QUESTIONS, CONTINUED

Three more questions

3. How much care can you do?

Comfortable inspecting / re-coating every 6 to 12 months	Any range, depending on setting
Want the highest relative durability of the timber range	Premium Hardwood
Want the most forgiving frame side	Metal Frame
Limited time, mostly undercover	Classic / Untreated Pine

4. What colour are you considering?

Lighter timber tones, natural finish	Premium Hardwood oiled, or HD Treated Pine raw
White, black or custom painted finish	Classic / Untreated Pine, HD Treated Pine, Metal Frame
Dark colour in full sun	Heavy Duty Treated Pine or Metal Frame
Silvered / weathered natural patina (raw outdoors)	Premium Hardwood raw

5. What is your budget?

Cost-effective, indoor or undercover	Classic / Untreated Pine
Mid-range, stronger outdoor option	Heavy Duty Treated Pine
Premium, longest expected outdoor life	Premium Hardwood
Premium / commercial, robust frame	Metal Frame furniture

Still unsure? *Send us a few photos of the space, your postcode and how you plan to use the piece. We will help you match a range, finish and colour. See “Need help choosing?” on the last page for what to send.*

RANGE I

Classic / Untreated Pine

A cost-effective option built from quality Australian pine, usually with a painted or stained finish. Works best in undercover, semi-protected or indoor-style settings, with regular care.

BEST SUITED TO

- Undercover patios, covered entertaining areas
- Indoor dining rooms, kitchens and cafés
- Family pieces that can be kept under cover when not in use
- Light commercial in undercover settings

STRUCTURAL WARRANTY

1 year

PRODUCT OPTIONS

TIMBER

90 x 35 Australian pine (top and bench boards)

90 x 45 Australian pine (legs and frame)

- 2400
- 2700
- 3000
- Custom

Common combined finishes: Walnut Stain with Black Legs, Walnut Stain with White Legs, Varnished Tops with Black Legs, Varnished Tops with White Legs, Raw Top with White Legs, Custom Stain with Black or White Legs. Exact options depend on the product specification confirmed at order. For the full care routine see the Classic / Untreated Pine Care Guide.

RANGE II

Heavy Duty Treated Pine

A more weather-resistant pine option using H3 arsenic-free treated pine for above-ground outdoor use. Designed for exposed outdoor and commercial environments, with regular care. Still a timber product; still needs maintenance.

BEST SUITED TO

- Outdoor cafés, breweries, parks, schools, councils, community venues
- Family backyards without a covered area
- Customers who want a stronger outdoor pine option without moving to hardwood
- Year-round outdoor placement, with regular care

STRUCTURAL WARRANTY

1 year

The exact timber specification is recorded on your quote or order confirmation. For the full care routine see the Heavy Duty Treated Pine Care Guide.

RANGE III

Premium Hardwood

The highest relative durability and longest expected outdoor life option in our timber range, when properly maintained. Built from Class 1 Australian hardwoods for above-ground outdoor use. Usually finished with an outdoor timber oil.

BEST SUITED TO

- Restaurants, hotels, cafés, breweries and high-traffic commercial venues
- Parks, schools, councils and public outdoor spaces
- Family outdoor areas in coastal, waterfront or harsh climates
- Tender / government / hospitality specifications calling for Class 1 hardwood

STRUCTURAL WARRANTY

Premium Hardwood is also the framework for the hardwood top or hardwood slats on our Metal Frame range. Standard and custom sizes available, subject to species availability and the specification confirmed at order. For the full care routine see the Premium Hardwood Care Guide.

RANGE IV

Metal Frame furniture

A robust steel frame for stronger commercial and outdoor use. Frame may be stainless, galvanised, or painted / powder-coated, depending on the specification confirmed at order. Hardwood top or slats are included on most pieces; those follow the Premium Hardwood care framework.

BEST SUITED TO

- Parks, schools, councils, breweries, cafés and outdoor hospitality
- High-traffic public outdoor spaces
- Commercial buyers wanting a robust frame and the natural look of hardwood
- Coastal / waterfront / salt-air, with 316 stainless steel generally recommended

WARRANTY

Frame: 1yr structural + 2yr rust
Hardwood top: 3yr structural

SIZE OPTIONS

Standard and custom sizes, subject to specification confirmed at order

For coastal, waterfront or salt-air environments, 316 stainless steel is generally recommended. Exact metal type, coating standard and sizes are recorded on your quote or order confirmation. For the full care routine see the Metal Frame Furniture Care and Warranty Guide.

QUICK REFERENCE

Match your environment to a range

Common settings and our recommended starting points. Your final choice may also reflect colour, budget and personal preference.

RESIDENTIAL AND FAMILY SETTINGS

SETTING	FIRST CHOICE	ALSO CONSIDER	NOTE
Indoor / undercover family use	Classic / Untreated Pine	Premium Hardwood	<i>Cost-effective in covered settings; full coverage of finish matters.</i>

SETTING	FIRST CHOICE	ALSO CONSIDER	NOTE
Open backyard, full sun	Heavy Duty Treated Pine	Premium Hardwood	<i>Dark paint colours absorb more heat in full sun.</i>

SETTING	FIRST CHOICE	ALSO CONSIDER	NOTE
Coastal / waterfront family home	Premium Hardwood	Metal Frame (316 stainless)	<i>Salt-air affects coatings; rinse the frame regularly with fresh water.</i>

SETTING	FIRST CHOICE	ALSO CONSIDER	NOTE
Tight budget, undercover area	Classic / Untreated Pine	Heavy Duty Treated Pine	<i>If the piece may move outside year-round, choose Heavy Duty.</i>

QUICK REFERENCE, CONTINUED

Commercial, public and high-use settings

These environments need stronger materials and a regular care routine. Final specification depends on your tender / brief and the conditions on site.

COMMERCIAL AND PUBLIC SETTINGS

SETTING	FIRST CHOICE	ALSO CONSIDER	NOTE
Café, brewery, hospitality	Premium Hardwood	Metal Frame	<i>Plan a quarterly inspection schedule for high-traffic settings.</i>
School playgrounds / community parks	Metal Frame	Premium Hardwood	<i>Impact resistance and easy clean. Touch up coating damage early.</i>
Council / public outdoor	Metal Frame	Premium Hardwood	<i>Tender specs often call for Class 1 hardwood or 316 stainless steel.</i>
Pool / spa areas	Metal Frame (316 stainless)	Premium Hardwood	<i>Where practical, rinse chlorine and chemicals off the frame periodically.</i>

NATURAL MATERIALS

A note on timber and metal

Outdoor furniture is made from natural materials.

Timber. In normal use, all timber ranges may show minor movement, bowing, cupping or twisting, surface checking, hairline cracks, minor splits, sap or resin weep, tannin bleed, leaching, fading, silvering or greying, slight colour variation, natural weathering, shrinkage, expansion, raised grain, roughening and coating wear. These are cosmetic characteristics of outdoor timber furniture, they are not, on their own, usually a structural defect within reasonable and expected limits.

Note on timber movement. Minor timber movement, bowing, cupping or twisting can occur as part of natural timber behaviour. However, where movement is excessive and affects safety, structural integrity or normal use, Auscraft Furniture will assess it separately. This does not limit your rights under the Australian Consumer Law.

Metal. On the Metal Frame range you may see light surface oxidation on galvanised steel (the natural weathering of the zinc layer), cosmetic dulling or fading of powder coat colour, tea staining on stainless (a cosmetic chloride surface effect, not structural rust), and coating wear at high-touch points. Where the coating is damaged, prompt touch-up helps prevent rust. Outdoor furniture is **not** maintenance-free.

CUSTOMER RESPONSIBILITY

Raw / unfinished products

Raw / unfinished products are supplied without an Auscraft-applied protective finish. If you choose a raw / unfinished product, you are responsible for applying a suitable sealant, oil, paint, stain or other protective finish as soon as practical after delivery and before prolonged outdoor exposure.

Raw is a finish choice with a higher level of customer responsibility. It is not a manufacturing defect. Classic / Untreated Pine raw outdoors carries the highest risk in the range. Premium Hardwood may be intentionally left raw for an accepted silvered / weathered look, with increased customer responsibility. See the range-specific Care Guide and the Auscraft Warranty Statement for the full position.

YOUR RIGHTS AND HOW TO REACH US

Your rights

Whichever range you choose, your rights under the Australian Consumer Law apply. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. This guide helps you choose the right range; the full warranty terms and Australian Consumer Law wording are in the Auscraft Warranty Statement.

Need help choosing?

If you are unsure which range suits your setting, send us a quick message with:

- A photo of the space the piece will live in
- Your postcode (so we know your climate and exposure)
- Your intended use (family, commercial, council, school, hospitality)
- Whether the furniture will be undercover, semi-protected or fully exposed
- Any colour or finish preference

We will help you match a range, finish and colour. If you have a quote or order in progress, we can update it once your range is chosen.
